Dear \_\_\_\_\_ :

As your constituent, I write this letter to thank you for your opposition to the Freedom of Choice Act, or "FOCA" legislation. ***Urge you to continue to oppose FOCA legislation in the 2009 Congress.***

As you know, FOCA eliminates many modest restrictions to abortion that most Americans support. For example, FOCA would

- overturn parental notification of minors seeking an abortion
- overturn restrictions on late-term abortions, including partial-birth abortions
- overturn laws requiring counseling before an abortion
- overturn state abortion reporting requirements
- overturn conscience protection laws for individual health care providers and institutions

Unrestricted access to abortion does not protect women, reduce abortion rates, or grant "freedom of choice." Instead, we need to continue to promote the dignity of all human life. Please continue to oppose FOCA.

Sincerely yours,
